ABOUT ME

A results-oriented Computer Science professional with hands-on experience in building full-stack web applications using modern technologies such as React, Next.js, TypeScript, and Laravel. Skilled in developing responsive user interfaces, designing RESTful APIs, and implementing secure authentication and database-driven systems. Comfortable working across the full development lifecycle, from planning and development to testing and deployment. Strong problem-solving skills with a continuous drive to learn and apply new technologies in real-world projects.
